Algeco solutions for the covid-19 crisis

about us

Rapidity

Flexibility

International partners

Fleet availability

Algeco is Europe and Asia Pacific's leading business services company specializing in modular space. We create **smart spaces** for people to live, work and learn. Our business is designed to **help customers find the right space solution**, no matter what their requirements.

In front of the emerging Covid-19 virus, we offer solutions to help governments and businesses to deal with this crisis.

We are supporting governments and healthcare organisations internationally in their efforts against COVID-19

- Algeco can operate and deliver in the most challenging circumstances.
- We can provide governments, healthcare organizations, civil protection, police, customs, laboratories with fast, flexible, and cost effective solutions.
- With a quarter of a million modules and operations in 23 countries, we provide availability in large quantities and at short notice for customers wherever their need, large or small.

We are ready to provide additional space wherever the COVID-19 crisis requires it to be.

Covid 19: Emergency management China case study

Beijing "Xiao Tang Shan" Hospital Project

Project Over view:

- In 2003, to fight SARS, Beijing Xiao Tang Shan hospital was built in only 7 days, setting a hospital construction speed record.

- In January 2020, to support China's efforts in containing COVID-19, Algeco started the renovation of the hospital.

- In 15 days Algeco Chengdong delivered 340 units, building:
    - ICUs
    - A central medical technology centre
    - Healthcare buildings including wards, sanitary areas, showers, stairs etc.
